Student Loan Information

The Cohort Default Rate (CDR) represents the percentage of an institution's students that failed to make required payments on their federal loans within three years of when they were required to begin repayment of that loan. As DRBU has not sought approval to admit students on federal loans, the U.S. Department of Education does not report a three-year cohort default rate for DRBU.

The percentage of the students who attended this institution in 2014-2016 who received federal student loans to help pay their cost of education at DRBU was 0%
